THE MELIA CABO REAL

The only resort in Cabo with a secluded, swimmable beach

Melia Cabo Real

Los Cabos is different from ordinary Mexican vacation lands. Because of its geographic separation (and isolation) from mainland Mexico, Los Cabos tourism grew up with closer ties to the US (mostly California) than the rest of Mexico. Consequently, you'll discover a definite California attitude that gives Cabo San Lucas its dual Mexican & American culture.

Majestically set on Cabo's finest beach, with spectacular panoramic views of the sea, golf and the desert. The Melia Cabo Real is strategically located within easy access to the natural attractions of Los Cabos; flying fish and marlin deep sea fishing, golf, four-wheeling in the desert, scuba diving, waterskiing. Melia Cabo Real is the only resort in the corridor with a secluded and swimmable beach. Four delightful restaurants and three refreshing bars where you can eat breakfast, lunch and dinner; and drink your choice of beverage:

water to wine to whiskey and never worry about a check, because the Melia Cabo Real is really & truly a totally all inclusive resort, there is no check, ever.

Your award is All Inclusive: It includes four nights in a **guaranteed ocean front room** with a private balcony any time of the year. With, among other amenities, terry cloth robes, coffee maker & complimentary coffee. All rooms, of course, are air-conditioned. **All meals**, snacks, soft drinks, beer and brand name whiskies are all included, as are the gratuities, and non-motorized water sports. Cabo Real offers yoga, tai chi, water aerobics, Latin dance lessons, cooking lessons and more. To get you there, **Two round trip coach tickets on American Airlines®** from the continental USA & Canada, plus the much praised **concierge service of The Journeymasters** who will make your reservations –both airline and hotel – as perfectly as the circumstances allow.

Where the rainbow comes to Earth **Cancun**

4 nights at
THE MOON PALACE

Let the Moon show you Cancun

For background on Cancun and the Yucatan peninsula on which she sits no one can improve on Kate Simon's so literate observation: *Yucatan is to Mexico what Sicily is to Italy – without the bitterness; what Brittany is to France – without the tight-lipped shrewdness.* For Mexico is Aztec, but the Yucatan is Mayan. The Aztec is to the Mayan what in-laws are to the groom – they may be related, but not by blood.

In 500 AD, in the “New” Empire of the Mayans, Cancun was the spot the rainbow came to Earth. In the modern day Mayan dialect, “Cancun” still means “*pot of gold*” (*at the end of the rainbow*). The spectacular Moon Palace is located on Cancun's tranquil south shore, between a quarter mile white sand beach and 55 acres of tropical foliage. The resort includes ten buffet & à la carte

restaurants, seven bars (including swim-up bars), two oversized free style pools, two indoor pools, six tennis courts, two fitness centers, miniature golf, a disco and daily activities and theme nights.

Your award is All Inclusive: All meals, all snacks & all beverages. Four nights, any time of the year, in a superior room with a private balcony or terrace, coffee maker & complimentary coffee. **Round trip transfers** to hotel as well as all taxes & gratuities. Non-motorized water sports & one tour per person. **Two round trip coach tickets on American Airlines®** from the continental USA. Plus the much praised **concierge service of The Journeymasters** who will make your reservations – both airline and hotel – as perfectly as the circumstances allow.
