Important Information

All trips are subject to availability and may have blackout dates during holiday periods.

AIRLINE CERTIFICATE RULES

For non-cruise vacations, you will receive airline certificates, which are redeemable for actual tickets. US AIRWAYS, UNITED AIRLINES and AMERICAN AIRLINES have a seven (7) day advance reservation requirement, and require that you stay over a Saturday night. These are airline rules and they will make no exceptions to these rules. Thus The Journeymasters must make your reservations at least seven (7) days prior to your departure date.

Here's how it works. The Journeymasters will make your reservations with the airlines as discussed, with you.

US AIRWAYS certificates must be converted to tickets at the airport at least SEVEN (7) DAYS PRIOR TO TRAVEL or US Airways will cancel your reservation.

AMERICAN AIRLINES and UNITED AIRLINES will (1) Convert your certificates to e-tickets by phone, if you call at least 14 DAYS PRIOR TO YOUR DEPARTURE DATE. It's a simple procedure. The airline telephone numbers are printed on the certificate you receive from The Journeymasters. Simply call, and give the airline your Record Locator (printed in your confirmation letter). The airline agent will shepherd you through the rest of the procedure step by step. Or (2) You may convert American Airlines and United Airlines certificates at the airport anytime in advance, or on the day you travel. If you convert on the day you travel, please arrive at the airport at least an EXTRA HOUR ahead of your scheduled departure time. The airlines suggest arriving at the airport a minimum of two hours prior to departure. If you intend to convert certificates to tickets on the day you travel, you should arrive at the airport a minimum of THREE HOURS prior to your scheduled departure.

Last Points: All tickets are subject to seat availability. Certificates are not transferable; the traveler's name must be printed on the certificate before The Journeymasters can send it to you. *CERTIFICATES ARE VOID IF LOST OR STOLEN, AND CANNOT BE REPLACED. All airlines have blackout dates around the New Years, Easter, Thanksgiving, and Christmas holidays.*

AIRLINE CERTIFICATE FEES

Your certificates include the cost of the airline ticket plus US Federal Tax. Your certificates DO NOT INCLUDE: Passenger Facility Fees, Passenger Civil Aviation Security Charge, Flight Segment Tax, Fuel

Surcharges, International Airport Taxes, US Animal & Plant Health Inspection Fees. The airline ticket agent will collect these charges when you exchange your certificates. If you are flying internationally some countries impose Departure Taxes, and Immigration Fees. When going outside of the USA, these additional taxes and fees, at this writing, range from \$25.00 to \$95.00 a ticket. Departure taxes are (usually) collected at the country that imposes the tax – upon your departure. The Journeymasters 1-800-875-3422 can give you an estimate of what these additional taxes will total.

CRUISE INCLUSIONS

The information paragraph on each cruise details the length of the cruise, and the kind of stateroom - ocean view with private balcony, or ocean view - that your award entitles you to on that ship. Also included are two round trip coach tickets (actual tickets not certificates) from more than 140 cities in the USA. (Some cities may require an airfare supplement of \$100 per person.) Cruise line staff will Meet & Greet you at the airport and bring you to the pier, and when your cruise is done, return you to the airport. All meals are included for both of you; you may eat eight times a day (if you CAN eat eight times a day). All the celebrated Carnival & Royal Caribbean Cruise Line ship board daytime and nighttime activities, including different Las Vegas style shows each night at sea, live bands, orchestras, discotheques. You will be responsible for port charges, gratuities, US Customs fee, international departure taxes, miscellaneous airport taxes, optional tours, and items of a personal nature.

REDEEM YOUR AWARD ONLINE

Go to the program web site www.journeymasters.com and complete the Above & Beyond™ redemption form you find there. The Journeymasters will respond to you within one working day. If they run into a problem, they will inform you of the problem as soon as it is encountered.

The cosmopolitan hot spot of **Cabo San Lucas**

4 nights at
THE MELIA CABO REAL

The only resort in Cabo with a secluded, swimmable beach

Melia Cabo Real

Los Cabos is different from ordinary Mexican vacation lands. Because of its geographic separation (and isolation) from mainland Mexico, Los Cabos tourism grew up with closer ties to the US (mostly California) than the rest of Mexico. Consequently, you'll discover a definite California attitude that gives Cabo San Lucas its dual Mexican & American culture.

Majestically set on Cabo's finest beach, with spectacular panoramic views of the sea, golf and the desert. The Melia Cabo Real is strategically located within easy access to the natural attractions of Los Cabos; flying fish and marlin deep sea fishing, golf, four-wheel motorbike in the desert, scuba diving, waterskiing. Melia Cabo Real is the only resort in the corridor with a secluded and swimmable beach. Four delightful restaurants and three refreshing bars where you can eat

breakfast, lunch and dinner; and drink your choice of beverage: water to wine to whiskey and never worry about a check, because the Melia Cabo Real is really & truly a totally all inclusive resort, there is no check, ever.

Your award is *All Inclusive*: It includes four nights in a guaranteed ocean view room with a private balcony. With, among other amenities, terry cloth robes, coffee maker & complimentary coffee. All rooms, of course, are air conditioned. All meals and snacks, soft drinks, beer and brand name whiskies are included, as are the gratuities, and non-motorized water sports. Cabo Real offers yoga, tai chi, water aerobics, Latin dance lessons, cooking lessons and more. To get you there, two round trip coach tickets on American Airlines® or US Airways® from continental USA.

Where the rainbow comes to Earth **Cancun**

4 nights at
THE MOON PALACE

Let the Moon show you Cancun

For background on Cancun and the Yucatan peninsula on which she sits no one can improve on Kate Simon's so literate observation: *Yucatan is to Mexico what Sicily is to Italy – without the bitterness; what Brittany is to France – without the tight-lipped shrewdness.* For Mexico is Aztec, but the Yucatan is Mayan. The Aztec is to the Mayan what in-laws are to the groom – they may be related, but not by blood.

In 500 AD, in the "New" Empire of the Mayans, *Cancun* was the spot the rainbow came to Earth. In the modern day Mayan dialect, "*Cancun*" still means "*pot of gold*" (*at the end of the rainbow*). The spectacular Moon Palace is located on Cancun's tranquil south shore, between a quarter mile white sand

beach and 55 acres of tropical foliage. The resort includes ten buffet & à la carte restaurants, seven bars (including swim-up bars), two oversized free style pools, two indoor pools, six tennis courts, two fitness centers, miniature golf, a disco and daily activities and theme nights.

Your award is *All Inclusive*: All meals, all snacks & all beverages. Four nights in a superior room with a private balcony or terrace, coffee maker & complimentary coffee. Round trip transfers to hotel as well as all taxes & gratuities. Non-motorized water sports & one tour per person. Curacao is the “C” of the Dutch ABC islands in the Netherlands Antilles. Her location is perfect, beachfront on Piscadera Bay, and near enough to the beautiful, most photographed, city of Willemstad – they say the color white gave the first governor of Curacao migraines, so all houses had to be painted in color. All rooms are oversized,

beautifully appointed, each room with its own private balcony or terrace. Five restaurants including a swim-up bar and grill at Marriott’s elaborate pool, gaming casino, fully-appointed spa, water sports center, indeed, a perfect spot for an exotic holiday!

The atmosphere here is palpably luxuriant. It is an intoxicating blend of sunlight, sea, air and fantastically abundant vegetation.
